“ I have worked with jay for almost 4 years now and not once can I remember him in a bad mood. He would always joke,kid. And make light of any situation. Jay touched so many people over the years. He will be missed by so many the office will not be the same.

“ I do not spend a lot of time in our Jacksonville location, but when I do, Jay always had a kind word and great attitude. Whenever I had a special request Jay was always super helpful. I know he is in a better place and hopefully experiencing every joy he wished for.

“ First off, I want to say I miss you. Walking into the office just isn't the same. You were my buddy, always so funny, helpful, and always there! I will miss having goodies thrown at me, and hearing you answer the phone "Parts House Ginger". You were a major part of The Parts House Family and you are sorely missed.
Rest in Peace Jay...see you again

“ Brandi, I am so sorry for your loss. Jay was a hoot. He constantly tried to tell me he was Raymond on the phone and my reply was always the same "then let me talk to Jay". I spoke with him twice on Monday morning and he was in a great mood, laughing and joking with me. I am going to miss his "well bless your heart" that brightened my day. I will never forget the day a baked him a \$300 chocolate cake and delivered it to him at The Parts House, I don't know if he shared it or not, but I always wanted him to know he was appreciated. God bless you and your family.

“ Wow this means so much to me and gives me some comfort to know he was ok on Monday before this happened. I have worried that he was not feeling well and I am so glad to hear he was in good spirits. I have been praying that he did not suffer and the ER dr assured me he hadn't suffered. Your story makes me really believe that. Thank you so much for sharing and most of all thank you for caring about my dad.

“ Jay was one of the nice ones. I worked with him for 20 years and although I worked in the warehouse he made me laugh anytime I had to go in the office for something. No matter if anything was bothering me or not he would always say "dont worry, it will get better". Miss ya jay

“ We never met in person, but we talked daily for the last 6 or 7 years. Jay managed to put a smile on my face in some of my darkest days after my husband passed. My favorite "You certainly look nice today", like he could see me, and to read your were 58 and you told me your were 74. I will miss this guy and his humor.....
