“ My sweet friend. At this very moment your family and friends are celebrating your life . Though I can't be there physically my mind heart and soul is there right now . Ive been watching the clock .. so wishing I could have come home to be with them . I'm mourning quietly as I am visualizing everyone there . At Corey Kerlin where so many of our loved ones have been. Gone to soon . But knowing you are safe in the arms of Jesus gives me peace. Until we meet again. I will see you on the far side banks of Jordan. Save me a place right beside you .

“ My sweet, sweet dear friend... I miss you so much . Our chats and all about our kids and grands as of late. You are still so truly loved and in my heart heart forever. Since 2nd grade we have been through so much together over the years. Remembering out first apartment together on Hubbard St. Thinking back to those days in our teens and 20s how Independent we wanted to be and making so many memories. So close even as single moms our kids called each other Momma 2 . A bond that no matter how many years or miles we were apart nothing could compare to the bond we shared . I love you so much Kat my heart is breaking. But I also know that you are in a much better place than the this cruel relentless world. And your free of the pain and suffering that your body was going through. Walking the streets of heaven , reuniting with with all your other loved ones as well. I know you are waiting over us and the boys and your grands and family. No one will ever take the place I have for just you in my heart. Go rest high now..as you become one of the most precious Gaurdrian Angels we could have, as the Angel you were here on earth with us . With all my love . Cindy .

“ Our thoughts and prayers go out to all of you at this sad time. Kathy went through so much. We pray she is at peace now. Eddie and Edna, no matter what the circumstance, the death of one of our children is so hard to go through. Please know that we are here for all of you if you need anything. Love to you all.
