“ This news is such a shock! It breaks my heart! Life is so short! Becky is one of those special people whose spirit is infectious! She will live on in the hearts of ALL who knew her. Time and distance can never dull the affection you have for Becky and the happy memories that surface when you think of her. She was a great boss at Franklin Bank but an even better friend! We shared many laughs and heart aches together. Back in the day we were all a big family and it was sad when that era ended. I'm hoping many will come to the memorial service Feb 29th to reconnect. She would love that! While you can't help but mourn such a significant loss, you know she would want us to CELEBRATE her life when together! May supernatural peace and comfort be with everyone who shares in this loss.

“ Becky will forever be 18 in my mind! Smiling her beautiful smile and sometimes getting after me & Gillie as the annoying little 'sisters' while she was taking a mid-day nap on the chair, in the family home on Regular St. Vivacious & always smiling & a fun person to take a car trip with! This family I hold dear to my heart & Becky at this time, even closer. Much love, Genevieve 'Genny'

“ When I think of Rebecca, I immediately picture her beautiful smile. She and my dad worked together for years and while he helped her grow in her profession, she helped him push himself as well. She invited him to watch her dance in her ballroom dancing competitions and much to my surprise, he soon entered into the world of competitive ballroom dancing.

She was a hard working, caring and vivacious woman. I am sad to learn of her passing. My condolences and hugs go to all those who mourn in her loss.
